

2.3.3 - Ratio of students to mentor for academic and other related issues

Contents

1. Details of issues raised and resolved by 10 mentors during last completed Academic Year

MENTORING SUCCESS STORIES (AY 21-22)

Name of Mentor: Prof. Sagar Khirsariya

Name of Student: Bhumika Mundiya

Enrolment Number: 92100214003

Course: M.SC (MATHS)

Issues raised by Mentee:

I observed very keenly, one of our bright and enthusiastic students, but very reserved, Miss Bhumika Mundiya, as our new M.Sc. Mathematics batch had just begun in academic year 2021-22. From the start, it was very clear that she was sincere enough in her academics. Every teacher was of the opinion that she had been giving all her effort to achieve the best, as far as academics were concerned. So that was not at all the concern.

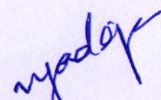

But as the time went by, I also observed that she was very self-centred and extremely reserved in her approach towards her life. It was observed that she was almost not communicating with her classmates. She was hardly seen to be communicating with anybody else in the University premises. Perhaps I felt that something was bothering her.

Resolution by Mentor:

I started communicating with her, initially regarding her academics and also about her likes/dislikes about various things. What I observed that she was interested in talking when I talked with her regarding academics. So, I started communicating with her on day-to-day basis, regarding various opportunities that she can have through her academic progress, regarding her job prospects after completing her M.Sc. Mathematics.

As the time went by, I always kept on encouraging her to keep on communicating with her classmates, which would help her to build up her confidence. Almost on daily basis, for at least an hour, I guided her in doing some or the other kind of research activity that would add more value to her M.Sc. With time there was conspicuous change in her attitude towards her approach, while dealing with the people. Moreover, when I guided her to attend the Workshop in TIFR, Bombay, she readily agreed to attend it and she did attend it totally, inspite of some troubles that she faced regarding her meals. After coming back to the University, she happily shared her experiences with all the faculties of the department regarding her wonderful experience as well as some troubles that she had faced while at TIFR, Bombay. Though she didn't regret them. I was happy to see that the girl who was once so reserved and unwilling to talk to anybody, had travelled to Bombay, all by herself, and successfully completed the Workshop at TIFR, Bombay, while facing some challenges. Today I am very happy to see her that she is a very serene and aspiring girl, who has successfully explored and found her capabilities of what she is capable to achieve.

Name of Mentor: Mr. Chandrasinh Parmar

Name of Student: Krupal Jivrajani

Enrolment Number: 91800133027

Course: ICT

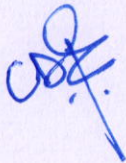

Issues raised by Mentee:

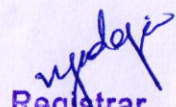

Krupal was looking for an opportunity for a Project based work

Resolution by Mentor:

Looking at his academic and research interest I had asked him to take IEEE Membership for more opportunities and he agreed to take.

When all students went home while covid time, Krupal was in lab for doing experiments. He developed automatic hand sanitizer in lab, now this term looks familiar but he made this device when no one knew about it. He was always so quick to work on the current needs. He also wrote a research paper for his project blind stick during pandemic. His blind stick startup project was registered in ssip, he also worked on automatic bell project.

Name of Mentor: Dr. Sunil Prabhatbhai Lavadiya

Name of Student: Hema Paun

Enrolment Number: 91900133048

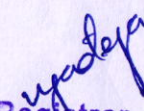

Course: ICT

Issues raised by Mentee:

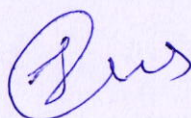

Hema was an average student in 12th standard and received 58 %. At that time their family members suggested not to take admission in engineering but she took the admission in B. Tech. ICT.

Resolution by Mentor:

Because of continuous mentoring session she was able to set goals for her life. At each and every semester she stucked with her goals, maintain the attendance above 95%, achieved CGPA more than 8, emphasis on practical, successfully completed industrial internship, completed the projects & certification courses, and developed the skills.

Name of Mentor: Dr. Bijay Bhujabal

Name of Student: Akam Mario Equebah

Enrolment Number: 92100424424

Course: BBA

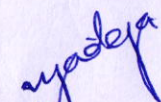

Issues raised by Mentee:

She was interested to pursue higher studies in Europe or America. She was not sure of how to take it ahead.

Resolution by Mentor:

I advised her to apply for training along with stipend in MITACS; a non-profit research organization in Canada.

I have also given her recommendation letter. She has applied for the same is expecting a favourable response.

Name of Mentor: Prof. Yashvi Modi

Name of Student: Pranav Soni

Enrolment Number: 92000425171

Course: BBA

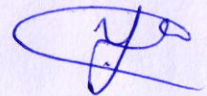

Issues raised by Mentee:

Pranav Soni had decided to join his father's business. His approach towards his father's business is bigger than his father's dreams. They have the business of Watch Designing with USP in designing with gold work.

Resolution by Mentor:

During the mentoring meetings, I suggested him to study in the field of jewellery designing, as this could help him with business expansions. I suggested him few courses related to "Fine Art" in jewellery designs, so he could get more advance knowledge to open new designer jewellery shops.

I am happy to share that he has decided to go to Europe next year to pursue a course in fine arts.

Name of Mentor: Dr. Subhanshu Goyal

Name of Student: Divyesh G. Nakum

Enrolment Number: 92100216036

Course: Chemistry

Issues raised by Mentee:

In order to enhance his presentation skills. Divyesh was looking for an opportunity to give presentation on big platforms.

Resolution by Mentor:

I helped Divyesh to improve his presentation skills so that he can give effective presentations at different platforms. The outcome of the motivation provided is clearly exhibited by his best oral presentation award at International Student Symposium on Basic Sciences (ISSBS-2022), Akal University, Punjab.

Name of Mentor: Prof. Sumit Jaiswal

Name of Student: Muhammathu Aasath Kaleel Rahuman

Enrolment Number: 92100209068

Course: B.SC (MICRO)

Issues raised by Mentee:

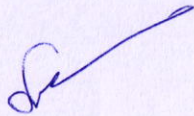

Mr. Muhammathu Aasath Kaleel Rahuman was observed with less attendance and less attentive in regular day to day interactions since last 6 months.

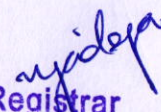

Further, he was having low diet and low health issue like fever and headache. While discussing with him it was empirical that might be having nutritional deficiency or some disease condition prevailing.

He was been suggested to test for CBC (Complete Blood Cell) count and surprisingly his report shown that he was anaemic with around 6 gm/dL haemoglobin value, generally Haemoglobin value for Male ranges from 13.2-16.6 grams/dL.

Resolution by Mentor:

Based on it, referred to our Medical Officer to guide and prescribe the medicine for 100 days. After one month with his regular meeting with him, observed that he is quite regular in a class and shown improved attention in a class.

Name of Mentor: Mr. Kamal Kumar Rajagopalan

Name of Student: Tannu Kumari

Enrolment Number: 91900424286

Course: BBA

Issues raised by Mentee:

This story is of one girl from BBA who has come here for study purpose from other state. She was good at study and everything was going on smoothly.

One day I received a shocking call from her stating that she is about to end her life. It was very crucial moment but I have just called her to meet me and meanwhile me and other mentoring in charge from central level at Marwadi University had a talk and gathered for solving this serious matter.

Resolution by Mentor:

After having detailed discussion and mentoring by me and other sir/faculty for almost 2-3 hours she was relaxed and was convinced for not doing anything that harms herself or that is bad for her family.

Name of Mentor: Dr. Gaurav Kumar Badhotiya

Name of Student: Khushi Amlani

Enrolment Number: 92100424244

Course: BBA

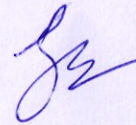

Issues raised by Mentee:

During the mentoring interactions, I observed that she had stage fear and was facing lack of confidence. I motivated her during our meetings to take up stage related tasks and face her fear to overcome it.

Resolution by Mentor:

After few conversations for 1-2 months, I suggested her to participate for prayer song in the Farewell function of students. She took part and performed very well in it. Latest, she also participated in the Orientation program for UG students.

She was also not clear of which course to study further. I guided her with the same and I am happy to share that she has decided to join classes for CAT preparation from next month

Name of Mentor: Dr. Neeraj Kumar Dubey

Name of Student: Rishikesh Tank

Enrolment Number: 92100424145

Course: BBA (FMS)

Issues raised by Mentee:

Rishikesh Tank report reflected poor attendance and poor academic performance.

Student was always found surfing over internet, which had become like an addiction for him.

Resolution by Mentor:

I counselled him for betterment. I explained to him the importance of time management and the disadvantages of excessive screen time. I suggested him to involve himself in sports and prepare a schedule for the day and follow the same.

After a few meetings, he started observing and maintaining time management and effectively utilizing the day. There is much improvement in him now, to the extent of 50% of previous scenario.
