Introduction:

Team UNNAT BHARAT ABHIYAN, MU for the first time ever organized a 7 days Village camp at a village named Ratanpar, Rajkot, Gujarat from 9-3-2018 to 14-3-2018

The preparation of the camp started a week ago from the date of the camp. UNNAT BHARAT ABHIYAN Program Officer Charmin jarsaniya & Vishal Sorathiya with 2-3 student volunteers visited the village twice before setting up the camp. There were 39 Volunteers in all which included 8 girls as well. Students from all branches and all years participated in the camp with great zeal.

The objective of this camp was to begin the interface with the community, rapport building with community members, and develop an understanding of the village keeping in view the rationale of village adoption i.e. develop long-term institutional relation with the community and contribution to the upliftment of people therein.

Beginning of the camp

The students reached the village by afternoon and they immediately realized that the place was an abysmal pit. All the volunteers cleaned and washed the place thoroughly. Once everything was in place, all of them settled down. But there were more bottlenecks awaiting us. There was no water for drinking as well as bathing. So, some of the volunteers along with our Program officer went to the villagers for arranging the same. Then students were given the opportunity to have an introduction to the villagers and familiarize themselves with the milieu. So, there was a one-to-one interaction between the villagers and the student volunteers. After supper, there was a meeting at night to discuss the plan for the coming days. Students noted down each and every minor detail that they came across in the introduction session

Brief about event /Activity:

The NSS unit of Marwadi University organized a Tree Plantation driver at ATAL Sarovar & Ratanpar Rajkot on 28th July 2018. A total of 60 trees were planted at Ratanpar village and Around 11,111 trees have been planted within a few hours near 'Atal' Sarovar lake (New 150 feet ring road) under the campaign of Honourable CM Vijay Rupani and RMC.

For transportation, a Bus facility was available for all 156 'NATURE LOVERS' of MARWADI UNIVERSITY. It was very enthusiastic to see all the volunteers working together and energetically.

It was really an amazing experience by living the life of farmers for a few hours and realizing how hard they work. Students were happy by contributing to society in a real sense. Thank you from team NSS.

Report on Feeding to hunger

November 2018

Month & Duration	November 2018
Name of the Activity / Event	Feeding to hunger
Activity Level	University Level
Activity Type	Social
Organizing Club / Committee	NSS
No. of Participants	21
Activity / Event Coordinator	Prof. Charmin Jarsaniya & Prof. Vishal Sorathiya

Brief about event /Activity:

Childhood hunger is a social problem in our society and the root cause of child hunger was linked to parents who were in poverty because of circumstances like unemployment and low-paying jobs.

Despite numerous efforts, childhood hunger is still growing. But we as an NSS unit have made a mark that inside the Campus of Marwadi University no one should stay hungry.

Hence as the NSS unit of Marwadi University organized a campaign from a base level by providing food to people in need. This campaign leads to so many advantages. It cures of homelessness, chronic health and stressful life conditions, behavioural dilemmas, and depression from the sickness caused due to hunger. Total 21 NSS volunteers have played an active role in the feeding to hunger campaign.

#feedTheHungryChildren Thank you from team NSS.

Brief about the event:

What is a generic drug?

A generic drug is a medication that has the same active ingredient as the brand-name drug and yields the same therapeutic effect. It is the same in dosing, safety, strength, quality, the way it works, the way it is taken, and the way it should be used. Generic drugs do not need to contain the same inactive ingredients as the brand-name product. However, a generic drug can only be marketed after the brand name drug's patent has expired, which may take up to 20 years after the patent holder's drug is first filed with the U.S. Food and Drug Administration (FDA). Generic drugs are usually much less expensive than brand-name drugs once they reach the market.

What is branded Medicine?

Brand Name Drugs Also called "innovator drugs" Initially marketed as new chemical entities The first version was sold by the innovator manufacturer only.

What are branded generics?

"Branded generics" are just like they sound -- generic drugs that have a brand name. These drugs are developed either by a generic drug company or the original manufacturer after the patent expires for the original product. The branded generic name is proprietary to (owned by) the company.

Difference between branded and Generic medicine

Brand-Name vs Generic Drugs

No Difference	Active Ingredient	No Difference
Higher in Cost	Price	Lower in Cost
Covered if no Generic Form Exists	Insurance Coverage	Normally Always Covered
Tested and Approved by the FDA	Inactive Ingredients	May Differ - But Proven to be Acceptable by the FDA
No Difference	Strength/Dosage	No Difference
Drugs are Standard in Size, Color, Packaging, etc.	Appearance/Look	Packaging and the Drug Itself may Look Different

This event was organized by the faculty of Pharmacy at the racecourse, heart of Rajkot city. Undergraduate students have participated in this event to spread awareness of the difference between branded and generic drugs. What are the benefits of generic drugs etc? The rally was passed from a different area of the racecourse and spread the message in society.
