Event Details :-

The aim to take a visit to a Town of Meditation is for:

After the debriefing, I turned some of the lights back on, though not all of them. We proceeded with

PROGRAMME PHOTOGRAPHS

The screenshot shows a PowerPoint slide titled "Story 03 Decode the Lesson" with the Marwadi University logo in the top right. The slide text reads: "One day a monk met an acquaintance in the street. The man looked worried and the monk asked him what was troubling him. 'I have this terrible dream,' said the man. 'Every night I dream there's a monster hiding get up and look there's no one there. I can't sleep afterwards. I am on my way to the doctor says he can cure me for a hundred dollars.' 'A hundred dollars!' exclaimed monk. 'I can rid you of your problem for just 10!'"

Overlaid on the slide is a video call window showing a speaker named "Ashish Pandey" and a chat window with messages from "A S official to everyone" and "Diya Dhanak (privately)".

Story 05 Decode the lesson 

There once was a king who offered a prize to the artist who would paint the best picture of peace. Many artists tried and submitted their work. The king looked at all the pictures. There were only two he really liked, and he had to choose between them.

One picture was of a calm lake, perfectly mirroring the peaceful, towering mountains all around it. Overhead was blue sky with fluffy, white clouds. It was the favourite of all who saw it. Truly, they thought, it was the perfect picture of peace.

The other picture had mountains, too, but these were rugged and bare. Above was an angry sky from which rain fell and in which lightening played. Down the side of one mountain tumbled a foaming waterfall. A less peaceful picture would be difficult to imagine. But when the king looked closely, he saw that in the midst of the rush of angry water, sat the mother bird on her nest in perfect peace. Which picture did you have selected? The king chose the second picture. Do you know why?
